

MAVERICK - I (Industrial)

The Maverick-I (Industrial) is our premier iron product utilizing an 11 gauge channel and both 3/4 and 1 inch steel pickets. These pickets can come in 14 gauge, 16 gauge or 18 gauge steel. Industrial Aircraft Rivets are used to attach each individual picket to the rail allowing the section to rack to your job specifications. These rivets provide the strength of a welded product without the rusting that accompanies them. The Maverick-I can rack up to 10 inches on a standard punch channel. The following styles are available in Maverick-I:
